Dear Mr. Hurtado:

Re: Status of Surety Bond Release, Interstate Brick Company, Koosharem Mine,  
M/031/002, Piute County, Utah

This letter is to memorialize our telephone conversation on December 14, 1990. You requested a written statement regarding the current status/progress on the Division's release of surety bond # \_\_\_\_\_ (\$23,022). This bond is presently held for reclamation of the Koosharem mine site.

As I explained to you on the telephone, we could not request Board approval of Interstate Brick Company's (IBC) more recent replacement surety bond, because of outstanding permitting conditions that remain to be addressed by IBC. We anticipate that these permit conditions can be resolved within the next couple of months. We can then approach the Board requesting their approval of the amount and form of IBC's replacement surety.

We will notify you in writing when the replacement bond has been formally approved by the Board and Division. We will then return United Pacific/Reliance Insurance Company's surety bond to you. Please contact me if I can provide further assistance in this matter.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor, Minerals Program
